Dear Ron:

While reviewing a CIA document during a recent visit to our offices, Mr. Michael Glennon, Legal Counsel, Senate Foreign Relations Committee, came across the following reference:

25X1

Mr. Glennon wants to see the FBI report, and we are accordingly bringing this matter to your attention pursuant to the understanding on the third agency rule reached at the 3 August House-Senate conference on the State Department Authorization bill.

Please let me know whether the Bureau wishes to have us make the document available to Mr. Glennon, or whether you will be handling the matter directly with the Subcommittee on International Operations.

Sincerely,
